The moths are back

Adult Forest Tent caterpillars are swarming to the night lights.

For the next three or four weeks, Haliburton will be bothered by the aftermath of this spring's invasion of Forest Tent Caterpillars.

The adult versions of these insects are now emerging from their cocoons and can be seen swarming around street lights and store windows at night. According to Gary Clements from the Ministry of Natural Resources, large numbers of these moths will be evident for the next few weeks.

A few weeks ago most of the caterpillars that were devouring the area's tree tops went into their pupa stage. Now the moths are out in force, laying their eggs for next spring's crop of caterpillars.

The moths have a life span of about two or three days when they mate and lay their eggs. Eggs are laid in groups of 100 or more, cemented together in bands which completely encircle a twig, and covered with a glue-like protective coating.

The Forest Tent Caterpillar moths are buff brown with three dark bands running across each forewing. They are normally in flight from late June until early August.

This is the second year of infestation in the Highlands, and Clements says the bugs will probably be

around in large numbers for at least another two years before the population collapses. These infestations are a natural occurrence, happening every 10 to 12 years.

In the order of good news, Clements says the number of parasitic flesh flies is increasing. These flies are one of the factors which help bring about the collapse of caterpillar populations. The bad news is that the flies can be a greater nuisance to people even than the caterpillars or moths.

At night time, the moths can be seen swarming around street lights, which is one of the reasons why the trees around the Minden Post Office were covered so completely by the tiny caterpillars in the spring. One thing is certain, said Clements. Those trees that are near bright street lights will be covered with caterpillars again next spring.

It is possible to protect valuable forest stands with the use of spray, as soon as the caterpillars begin feeding in May. However, in most parts of Haliburton, this is not practical. Small trees around homes and in recreational areas can be protected to a degree by removing the egg clusters. This is best done in the winter when the egg masses are easily observed.

Beat the heat

With temperatures reaching record highs throughout most of last week, there was no better place to be than Rotary Beach. The popular public beach on the Gull River in Minden is a favourite watering hole for old and young alike.

Blood donor clinic tomorrow

The need never ends.

Whether you are on vacation, busy with summer business or simply relaxing under a tree, the need for a constant supply of fresh blood continues.

This week the Red Cross will be holding a blood donor clinic to help meet the need for transfusions and bolster the drop in donations received

at their regular city clinics. The clinic will be held at the Haliburton Legion, Tuesday, July 12, from 2 to 8:30 p.m.

So why not take time out from your holiday, slip away from the busy shop for an hour or rouse yourself from under that tree and make sure the need is met.

Dysart receives sewage works grant

The township of Dysart et al has received \$21,856 as first payment for a sewage works project, John Eakins, MPP for Victoria - Haliburton, announced on behalf of Environment Minister Jim Bradley.

The project includes

expansion of the sewage treatment plant in the village of Haliburton.

The money is part of a grant estimated at \$1,133,300, which is a provincial contribution toward the total cost of the project, estimated at \$1.4 million.

Museum committee needs assistance

It has been almost two months since the Minden County Town Museum Committee, with a lot of volunteer help, moved the old log house from the Bowron Homestead across town to its new location at the base of Parkside Street.

Although it has cost almost \$9,000 to get the old house to this point, it is still quite an eyesore with its tattered siding and with the tarps covering the roof.

The museum committee is now planning to take this restoration project a step further, but first, the committee will be needing

input and participation from the public.

Committee member Doreen Berry says they are doing the ground work for the next stage of the project but they need advice from those with the knowledge of what the original building might have looked like.

For this reason, the public is invited to a special meeting at the Agnes Jamieson Gallery, on July 18 at 7:30 p.m. The meeting is to discuss the restoration of this pioneer home and to apply for a New

Horizon's grant to help cover the costs of the project. Participation from Minden seniors in this project is especially important to help qualify for the funding.

Prior to the discussion about the pioneer home the Museum Committee will be presenting the cheques and awards certificates to the seven winners of the Heritage Essay Contest.

Committee Chairman Stan Hill says he is hoping for good input from the public at this meeting. "No doubt you are anxious to

see the present plastic roof replaced with wood shingles," he said. "Perhaps some of you have

lived for years in this area and have ideas for refinishing and furnishing the pioneer home." The July

18 meeting is a great time to come out and get involved in this community project.

KPS students get awards

Kinmount Public School held their graduation exercises on June 28, and had the annual awards ceremony the following day. These activities, formally marked the end of another school year.

The following students who received awards are to be congratulated for the fine contributions made throughout the school year.

Grade 8 Awards

O.P.S.T.F. Award - Kalala Rossowski.

Isobel Austin Award for English Proficiency - Kalala Rossowski.

Consistent Academic Achievement Award - Jennifer McBride.

C.U.P.E. Award for Most Improved Student - Sue Crego.

Other Awards

Good Citizen Award: Primary - Jason Longhurst; Junior - Mandy Newman; Senior - Colleen Longhurst.

Most Improved Student - Primary - Joseph Franzen; Junior - Mandy Newman.

Most Co-operative Student: Primary - Robynne Kilby; Junior - Inga Franzen; Senior - Veronica Johnston.

Physical Education Award: Primary - Adam Longhurst; Junior - Jason Longhurst and Kristi Barkwell; Senior - Heather Clarke and Steven Bur-

gess.

Good Helper Award: Jamie Walker and Phebe Crego.

Spelling Award: Primary: Melissa Munro; Junior - Jenny West; Senior - Todd Scarlett.

Creative Art: Primary - Jenny Rolfe; Junior - Christina Windrum; Senior - Tanya and Erica Franzen.

Peer Tutoring: Jessica Bowman, Inga Franzen and Cori Barkwell.

Students who did not receive recognition in a formal way are assured their contribution to our school is both noticed and appreciated. Each individual is a valued member of the school community.

Give blood

The Red Cross will be holding its third annual blood donor clinic in Haliburton tomorrow and we urge everyone to make an effort to get out and give blood.

The number of donors at last year's clinic was down slightly from the previous year. Let's not let it slip again.

The clinic will be set up at the Haliburton Legion from 2 p.m. to 8 p.m. tomorrow. See you there.

Conserve water

With the temperatures soaring to record highs and no rain in sight, the Minden Public Works department is again asking Village residents to conserve water.

You will notice that the municipality is again posting the notice that, due to a lack of rain, all outside water usage is limited to the evenings between 7 and 8 p.m.

We urge everyone to help out over the next while, until we get some rain. Your lawns and gardens may suffer, but your neighbours will have water for cooking and cleaning.

**When you go away,
the need for blood doesn't.**

BLOOD Give before you go.

Bombs away.

Fish don't have a chance

The gods do not deduct from man's allotted span the hours spent in fishing.

Ancient Babylonian proverb

Ah yes, the noble art of angling. Just a fisherman, his gear and a wily trout lurking in a shaded pool around the next river bend. I've always been half in love with the idea of fishing, 'though I've never been much good at it. The trout was always a little too wily for me. So, come to that, were the pickerel, pike, perch and bass - be they largemouth, smallmouth, silver or rock. I may be a fishing failure but I love the peacefulness of the sport. And the mystery of it. Every couple of years I dust off my old tackle box, dab a little Three-In-One on my

black 'n white

by Arthur Black

spincasting reel and try my luck again.

But after what I saw at an outdoor show last week, something tells me I may have drowned my last worm. It was one of those What's-New-On-The-Water exhibitions - everything from bus-length motor launches to thumbnail-sized fishing lures. Normally I would enjoy a show like that, but

this one bummed me out. I came out of it thinking that if I was a fish I would turn in my fins right now. The age-old contest between angler and anglee has been tilted on its head. Thanks to modern technology, the fish hasn't got a prayer.

Remember when fishing was a barefoot kid with a bamboo pole and a tin can full of worms? Let me introduce you to the Ryobi America Baitcaster. If you've got \$125 you can strap this reel onto your fishing rod and check the digital readouts every time you make a cast. The Ryobi America Baitcaster is computerized to keep track of the line

(more on page 5)

Funds targetted for prevention

by John Eakins, M.P.P.

I would like to make you aware of two new important initiatives dealing with the Ministry of Health and the Ministry of Colleges and universities. I am pleased to say that \$18 million has just been earmarked to enhance province-wide prevention and treatment initiatives for heart and circulatory diseases. The new funding

is a further example of our government's commitment to increase disease prevention and health promotion initiatives. The financial support will enable the expansion of a heart and health promotion program, which is part of a new three-year healthy lifestyles media campaign. This campaign will be launched this fall and is aimed at reducing smoking

and alcohol consumption while increasing nutritional awareness.

The initiative includes the appointment of a cardiovascular co-ordinator to oversee all of the Ministry of Health's heart and circulatory disease programs. As well, a central registry to collect data useful in measuring the effects of cardiovascular surgery on the overall health status of Ontarians will be established.

The support will dramatically expand heart and circulatory care facilities in Ontario's major hospitals.

The other important initiative is an increase in funding of more research projects conducted by universities and private companies in Ontario. Financial support of \$2.4 million will assist 35 research projects under the

University and Research Incentive Fund (URIF) program. We all know the importance of research and our government has and is taking measures to meet the challenges of the future.

Current projects include a joint study by York University and General Motors to evaluate the use of lasers for the preparation of sheet moulding compounds. In addition, Laurentian University and the Sudbury Mine Mill and Smelter Workers' Union will be involved in a study to develop integrated personal safety equipment.

To qualify for financial support from URIF, the research proposals all go through an intensive examination by an advisory panel of experts from a number of fields.

Dorset Acid Rain report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing laboratory in Dorset and compiled by Environment Canada.

The following precipitation was recorded during

the period of June 26 - July 2:

June 28 - 5 mm rain, pH 4.5 from northern Ontario.
- June 29 - 2 mm rain, pH 4.6 from north-eastern Ontario.

Environmental damage

is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Fifth annual Walk for Water raises \$12,000

Editor:

On behalf of the HAVE Committee, I would like to express my thanks to your community for their continued support with the 5th Annual Walk For Water.

The Walk was a great success - pledges should amount to \$12,000. This amount should be able to

provide many bore wells to villagers in India. Already, 51 wells have been dug in India and 6 are underway in The Gambia (Africa). With our government grant from CIDA of 3:1 many villagers will be receiving pure water for the first time.

The Walk is truly a Haliburton County

mission and it is because of the generosity of this community that we can continue to help the poorest of the poor. Thank you for your support and encouragement. May God bless you - abundantly!

Nada Vaughan,
Chairman,
Walk For Water 1988

Thanks

Editor:

The Minden & District Horticultural Society wishes to publicly express its sincere appreciation to the council of the Township of Stanhope for its support and co-operation to the Society and its individual members.

This co-operation and support received from the Township of Stanhope serves to strengthen our belief that the County can be made more beautiful through the work of the society and the united help of public and private enterprise.

Thanking you.

George & Edna Tipton,
R.R. 1, Haliburton.

Computerized spincasting

(from page 4)

going out and makes adjustments to make sure you don't get backlashes and snarls. For a few more bucks you can pick up a Daiwa spinning reel that'll print out your foot-per-second rate of casting and reeling in. But heck, why not shoot the works and buy yourself a Cannon Digi-Troll? It's only \$695 U.S. and when you slap this baby on your rod it'll automatically drop your trolling lure to any pre-set depth. Not only that, it'll raise or lower the lure automatically until it finds fish.

Speaking of finding fish...

I hate to be tiresomely romantic, but fishing to me is two people casting off opposite sides of a rowboat in the pre-dawn mist of a northern lake with only the plop of the lures and perhaps the eerie ululations of a loon by way of noise. What fishing is *not*, is a 30-foot, hundred-plus horsepower, fibreglass-hulled floating battle station that approaches fishing as a Search And Destroy mission.

The new fishing boats have to be seen to be believed. They come with depth finders to locate and pinpoint those lake or river bottom holes that fish might be hiding in. They carry temperature gauges that can track down underground springs where fish might gather on a muggy afternoon. They boast pH meters which a fisherman can drop over the side to measure the water acidity at various depths. (Fish like to feed in certain concentrations of acidity, you see).

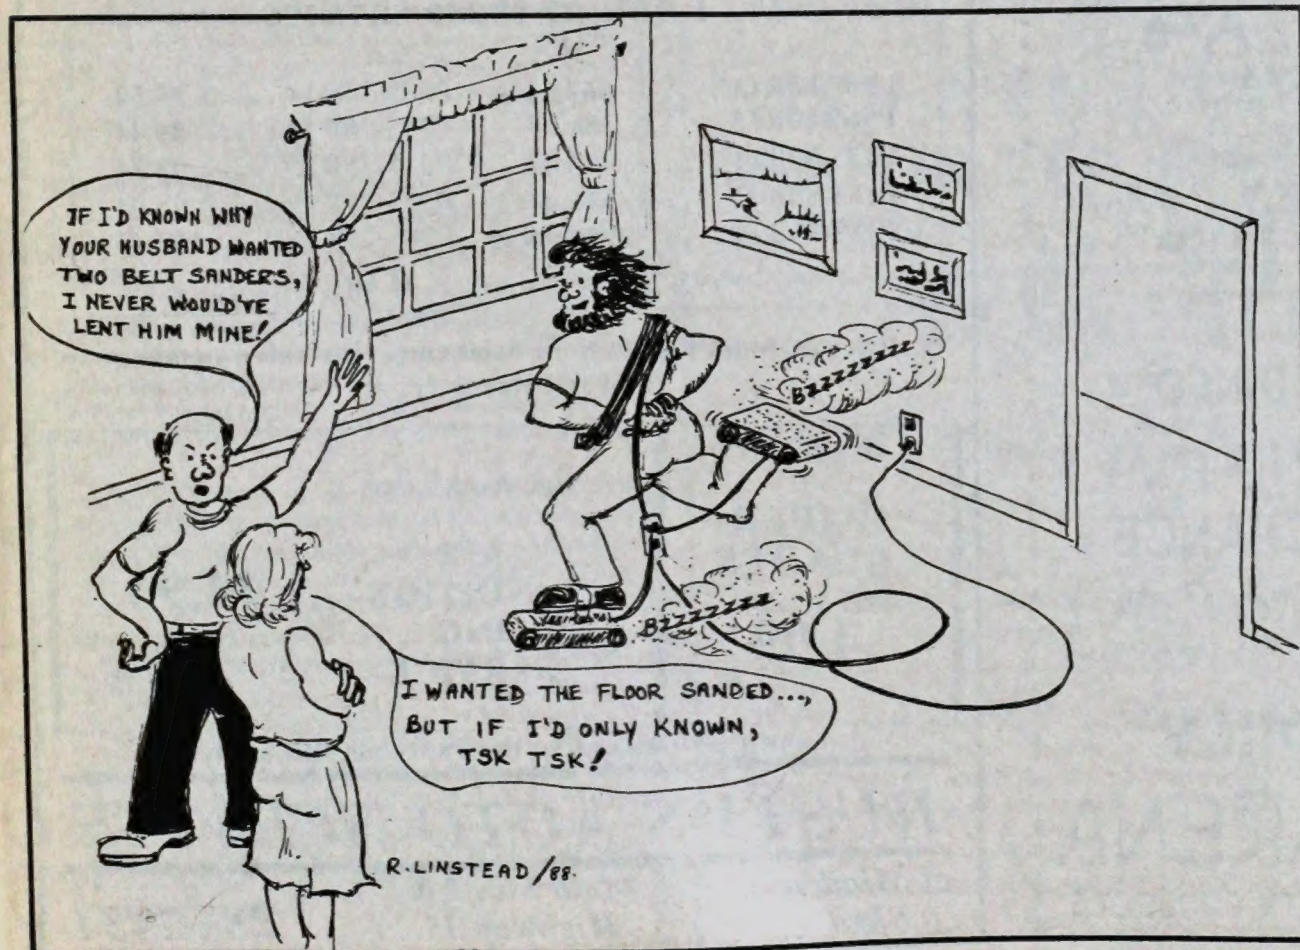

Then of course there's the *piece de resistance* angling technology-wise - the fish finder itself. It's about the size of a tackle box and it works just like submarine sonar. It sends sound waves down into the water. When they hit something solid - like, say a school of trophy-size lake trout - the waves bounce back to the boat, are recorded and printed out on a graph. Hey, presto, Joe Angler knows exactly where to put his baited hook.

The new gear takes the guess work out of fishing, but it creates one tiny problem.

We're running out of fish. We've loaded the odds in favour of the angler so much it's now possible to fish out a river or a small lake in a single season. Says one avid angler, "In three or four years, there may be no fish."

No problem for the modern-day, hi-tech "sports" fishermen though - they'll just switch to another sport.

Like, maybe, shooting ducks in a barrel.

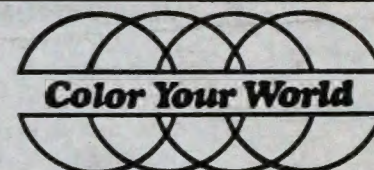

Minden resident, Gordon Wood, son of Bob and Bev Wood, received the Canada Day Award for Excellence during a special reception at the Minden Community Centre last Tuesday evening. Wood was nominated for this award by the Minden Recreation Committee. Seen here, from the left, committee members Brian Sisson, Bob Sisson, Bern Berry, Toni Carr, Verne Graham, Mary Mysyk and Al Mayo.

Lisa Holland's essay in the Heritage Essay contest won honourable mention. Lisa is a grade 8 student at Archie Stouffer Elementary School.

A Glimpse of the Past

by Lisa Holland

The air was cool as I woke up. I could smell the aroma of porridge being cooked in the kitchen. I walked toward the kitchen where I heard my parents talking. I sat down and ate my breakfast for I knew another day of chores was due. Feeding cows and putting them out were all regular things.

My father wasn't home much because he made more money out of town. This made things hard especially for mom, she did all the chores and work that a man did, but I never heard her complain.

When I reached the age of 14 I quit school, but this was very common, my mother needed me more at home and we also needed the money. I took a job as a maid and nanny. I did everything, clean, cook, and care for the children and received \$500 a month in salary.

I didn't have much spare time but I had a little. There were dances that you paid a safety pin or a nickle, what ever you could afford. But I didn't go to these very often because the only transportation I had was my feet, and the dance was two or three miles away. If I just wanted to stay home I'd play cards.

We didn't have much money so our Christmas presents were not that great, but back then I had no idea what others got. Santa Claus came until I left home. I usually got an orange and an apple and a doll and if I was really lucky I got a dress knit by my mom.

I got married at a very early age. I bought my wedding dress for \$7.95 and for a wedding present I got a cow, and a chicken that had no feathers.

We built our house for \$90, and later added. Through our marrigae we had three kids. Our life was hard, but if I had the choice to do it all over, I would. We have a lot of pride in our town. And we honestly feel that the Haliburton Highlands will always be the place that we and our children and their children will always call home.

Frost to 'Focus on Forests'

On Thursday, July 28, the Frost Centre will be hosting its 3rd Annual Open House. This year's theme is "Focus on Forests" with several interpretive programs, tours, special events and displays to highlight timber management.

At the same time, the Frost Centre planning team will be on hand for an "Invitation to Participate" in the timber management process. Come and talk to the team about your interests and concerns in

the planning area. The team is gathering information for the new plan and would like to hear from you. You can find out more about timber management and future opportunities to be involved in the planning process.

Timber Management Plans (T.M.P.'s) give an overview of the forest and set down objectives for managing the timber resource. The T.M.P.'s tell us how much timber should be harvested,

where, when and how so the forest can be renewed and maintained in healthy condition.

The Frost Centre's planning team of resource specialists will be preparing a new T.M.P. for the Frost Centre Crown Management Unit. Although the plan covers a 20 year period, from 1990 to 2010, it will be renewed every 5 years to allow revisions and adjustments that may become necessary. At each 5 year review, the T.M.P. will be

extended another 5 years or so it will always have a 20 year planning horizon.

Operations such as tree marking, timber sales, planting, tending and forest protection are underway at the Frost Centre, as on other Crown Management units throughout Ontario. All these activities are directed by approved Timber Management Plans.

Everyone can play a part in managing Ontario's forests; it is important that we hear from you. As the

T.M.P. is prepared, you will have three opportunities to work with the planning team in developing a plan that considers the needs of all users of the Frost Centre forest resource.

Over 11,000 people visit the Leslie M. Frost Natural Resources Centre each year. Located just south of Dorset, near Algonquin Park, the Centre is operated by the Ontario Ministry of Natural Resources to show visitors how our natural

resources are managed. Through participation in educational programs visitors become aware that a team of resource specialists at the Frost Centre is actively managing resources on 24,000 hectares of forest land and water.

For more information on timber management, please call Frank Bes, Forestry Specialist, at the Leslie M. Frost Natural Resources Centre (705) 766-2451.

July 1 caps busy holiday week

During the week of June 27 to July 3, officers of the Minden OPP Detachment investigated 109 occurrences and 28 vehicle accidents with 15 persons injured and one person killed.

Thefts around the County
Little Hawk Lake - 7.5 h.p. Merc outboard motor, black, red gas tank.

Kawagama Lake - 14' Springbok aluminum boat
Minden - lawn ornaments.

Davis Lake - water skis

black in colour, red gas can with gas

Minden - Something Shop - cash.

Irondale River - 14' fibreglass canoe, red.

Moore Lake - 14' aluminum Starcraft with 9.5 h.p. Evinrude motor.

Kashagawigamog Lake - 9.8 Merc outboard motor, black.

Sexual assault

Wayne David Brownlee age 26, of Scarborough, has been charged with Sexual Assault on a 15

year old male.

The offence is said to have taken place on June 18 at a cottage on Kushog Lake.

Brownlee is scheduled to appear in Provincial Court Minden on July 6.

Provincial Constable Mike Legge is investigating.

Impaired driver

Donald James Mann age 36 of Minden has been charged with impaired driving and driving over

the legal limit after an accident investigation on June 27 at Highway 35 and Bobcaygeon Road.

Provincial Constable Mark Davis investigated.

Fatal car accident

Gerald P. Heystek, age 24 of Campbellville was killed in a single vehicle accident on Bear Lake Road north east of Dorset on July 1 at approximately 3 a.m.

Heystek lost control of the vehicle which rolled into the ditch, and pinned

him under the vehicle.

Provincial Constable Mike Legge is investigating.

Careless driving

Three persons were taken to Haliburton Hospital on July 1 after a two-car accident on Highway 503 west of Gooderham.

Joao Arruda, 22, of Cambridge, was stopped on the eastbound shoulder of the highway checking the oil in his vehicle when it was hit by a car operated by Steven D. Hunter, 20 of

Gooderham.

The Hunter vehicle rolled onto its side and slid along the roadway. Arruda, Hunter and a passenger in Hunter's vehicle were injured.

Arruda was later air lifted to a Toronto hospital. The accident occurred at approximately 5 a.m.

Hunter has been charged with Careless Driving.

Provincial Constable Bill Clendenning investigated.

Highlands blessed with much 'fertile soil'

submitted by
Ken Brown, South Lake

Why live in Haliburton? Vintage 1862 "possessing a fertile soil, and a climate unsurpassed in its healthful effects upon the human frame, offers superior attractions, and all the elements of rapid progress and permanent prosperity".

Writing copy for land sales has not changed a great deal over the last 125 years as evidenced by the above ad which appeared in Canadian newspapers

about the time of the American Civil War.

My wife Phyllis says that her great grandparents, grandparents, and parents would dispute the claim (were they alive) of 'fertile soil' in Haliburton since they devoted their entire lives to breaking plows and moving rocks in a fertile effort to make a farm out of land to the north of Elephant Lake.

On the other hand, the current cottagers and residents of South Lake would agree with the views of the adman as to the

beauty, tranquility and healthful aspects of life on our lovely lake near Minden.

It was cool and even brisk on the morning side of South Lake, Saturday of Canada Day weekend when our capable President Bob Martin rapped the gavel to open the third "Annual Meeting of South Lake Association of Cottagers and Residents" (SLACAR).

Reeve Bob Vick of Snowdon Township, our special guest, must have been impressed as he listed

to the detailed and informative reports presented to the 75 members who were gathered on Ray and Elenor Lymer's lawn.

No single subject has broader interest than that of water quality. Bill Kelly, who conducts frequent and regular testing procedures, outlined steps taken and data collected to obtain, sometime in the fall, a graph which will reveal changes in our lake. Similarly Bill is seeking assistance from fishermen in the development of a "Creel Log".

Encouraging reports were received on membership enrollment, finances, and communications revealing primarily that we have a very wide and active involvement among those who live and holiday on South Lake.

Gerry Ray reviewed the property identification project which is now complete with coded numbers on each property and a map provided with names of the residents. The township has provided posts for Neighbourhood Watch signs as well as

lumber for an Information Board to be erected on County Road 16 at Hospitality Road. Some cottagers from years past may miss the good old days when your weekend guests from the city invariably got lost in spite of your excellent directions to the cottage.

Reeve Vick responded to questions about fire protection, shoreline road allowance purchases as well as protests regarding a wrecked vehicle com-

Ministry representatives address Denna Lake Association

submitted by
Norm Gemmell

The Denna Lake Association held its annual meeting July 2 at the cottage of Norm Gemmell.

There was a good crowd, although we missed some members, on a dullish windy day.

The MNR speaker Barry Walker, talked

about the lake, dredging, docks, changing appearance of shoreline etc. He also showed a 20-minute film on this. Gary Clements, also from the

MNR, answered a lot of questions on the caterpillars and also showed pictures of the gypsy moth. He then carried on with the meeting and elections of the new executive.

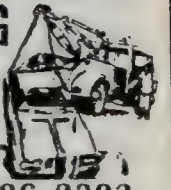

President Norm Gemmell Vice President, Ray Downs; Secretary, Pat Bradburn; Treasurer, Fran Fallis; Social, Doris Hildreth. The annual lake swim will be July 16. Regatta July 30. Corn Roast and Barbecue on September 30.

Buy, sell or trade sale on August 13 at the beach of Doris Hildreth. Bring your "junk".

County wide firefighting is the best alternative

Editor:

I have read with interest the articles on Lutterworth's dispute with Minden regarding the Fire Department.

Having a cottage on the west side of Gull Lake, a response from Minden Station would probably be 15 minutes quicker than from most locations of a Lutterworth Station, not withstanding that twice I have read in The Times that nobody answered the phone at Minden. Actually

my current thinking is if I and my neighbours can't save my cottage, the fire department will be too late. But if they can save my trees then my property value is preserved and I can rebuild.

The problem is that the local councils and The Times are not thinking big. What we need is a Haliburton County Fire Department. By looking at the population distribution on a county basis, it could be decided on how

many stations are needed and where they would best be situated. The fire equipment could be varied at different stations as required. Some stations could have equipped boats and we could have some 24-hour staffing with a central phone number.

Cottagers pay taxes for many services they don't use, so let's at least have good emergency services that benefits everyone.

Graham Garrie,
Gull Lake Cottager.

Cottagers plan busy summer

(from page 11)

pound located on South Lake Road. A delegation will appear at the next Township Council meeting to further express their concerns on this matter.

A 'Fish Derby' for the 12 and under; golf outing, and

a corn roast for all members are on the schedule - watch for dates.

Barb Lester is rarely caught off guard but she was both surprised and pleased to be honoured as Founding President of SLACAR. A handsome plaque with gavel was

presented to Barb to note her achievement.

Bob Martin conducts an excellent meeting. Until he convenes the next session remember to guide your boat with care around both our children and our family of loons that grace our lovely lake.

Province to upgrade Hwy. 503

Highway 503 east of Norland will undergo almost \$600,000 in extensive repairs Victoria - Haliburton MPP John Eakins has announced. A contract worth \$598,267 has been awarded to Royel Paving Limited, from the Lindsay area and work is expected to begin immediately. The contract is for paving and structural rehabilitation on Highway 503 from 600 metres west of Highway 35 (Norland) easterly for six kilometres. The work will include the rehabilitation of the Gull River Bridge. "The results of this work will extend the life of the structure and provide improved driving conditions through the area." The completion date has been set for late this summer. Eakins made the announcement on behalf of Ed Fulton, Minister of Transportation.

Members of Local 29 CWC were picketing recently in front of the Bell Canada building in Minden. Bell employees are on strike seeking a wide variety of contract improvements.

Minden ladies edge West Guilford 14 - 11

A ball game scheduled for June 30 between Minden and West Guilford was postponed until July 4 when Minden, in their new colours of red, white and

black, were victorious. The score was 14 - 11 in favour of the Minden ladies.

Also on Monday, the Rockcliffe Snack Bar ladies defeated Haliburton

by a 8 - 6 margin.

On Tuesday, July 5, Rockcliffe met Minden and won 19 - 9. Two home runs by Lyn Winans and Barb Hunter were not

really needed, but helped increase the lead.

On Thursday, Haliburton visited West Guilford, but the results of that were not available by press time.

If anyone is interested in entering a team in the Rockcliffe Snack Bar Ladies Tournament to be held August 26, 27, 28, please contact one of the players on the team and they will be happy to send out an entry form.

Hustlers lose two

On Monday, July 4 in Bobcaygeon the Rockcliffe Hustlers were defeated by a score of 7 - 3.

Back home on Thursday errors in the early innings proved costly as Bobcaygeon scored five runs in the first three innings.

Pitcher, Brian Shaw shut down the Bobcaygeon batters after the third inning. Minden got on the scoreboard in the third on

a homer by Greg Newell.

In the fifth inning Dwight Sisson walked and was brought home on Greg Newell's second home run of the game.

Barry Shaw then belted a home run, bringing the Minden runs to 4.

This ended the Minden rally and they were defeated 5 - 4.

The Hustlers travelled to

Harcourt this past weekend to the annual Grenville Martin Tournament.

Arena energy grant

The Minden Community Centre and the Kirkfield Medical centre have received funding from the Ministry of Energy for energy conservation improvements, MPP John Eakins has announced.

The community centre in Minden will receive \$17,415 through the ministry's Municipal Oil Conservation and Energy Conservation Program. The Kirkfield Medical Centre will receive \$2,187 under the same program for energy conservation measures.

Eakins made the announcement on behalf of the Minister of Energy, Robert Wong.

The program encourages municipalities across the province to take measures to improve the energy efficiency of buildings in their communities.

Other municipalities in Victoria - Haliburton which have received funds from this program, include the Town of Lindsay for its Aquatorium and the Township of Monmouth for its Fire Hall.

Hunters will have input into new moose hunting laws

The Ministry of Natural Resources will survey hunters to help decide on refinements to the selective moose harvest system that was introduced five years ago.

"This survey is important because it will indicate if the majority of hunters are in favour of things such as allocating party hunting for adult moose," Natural Resources Minister

Vincent Kerrio said. The current selective harvest system does not allow party hunting for adult moose. It also requires hunters to enter a draw to obtain a validation tag to hunt a bull or cow moose. Hunters need only a moose licence to hunt calves and may hunt them as a party.

"The survey will also tell us if hunters want the rules for hunting and applying

for tag draws changed," Mr. Kerrio said.

The main issues to be addressed in the survey were identified in 1987 by nine regional advisory groups representing moose hunters across the province. The groups reviewed a detailed ministry report that outlined hunter concerns and a variety of solutions.

The survey asks hunters to comment on several points, including:

A return to party hunting for adult moose in 1988. If that change is recommended, hunters could assist each other in filling adult validation tags;

Developing a system to more evenly distribute tags among groups;

Maintaining the preference pool system in the draw that favours hunters who did not receive a validation tag the previous year;

Simplifying licence issuing and applying for tag draws by issuing permanent identification cards for hunters; and,

Introducing a specific hunter education program for first-time moose hunters.

The ministry's background report shows that many hunters miss going into the field for adult moose with friends or family members. They may favour the change even though the higher success rates, resulting from party hunting, may mean fewer adult validation tags are available in a wildlife management unit the next year.

Mr. Kerrio said survey results will be analysed and any changes in the hunt will be announced in the summer. The ministry will also accept completed questionnaires from people who are not on the survey mailing list. The questionnaires are available at all MNR district offices.

The ministry will mail a background brochure and a survey to a representative sample of the moose hunters who applied for an adult validation tag in 1987.

Police campaign against drunk driving

The Lindsay Police Department's campaign against impaired driving has been given a financial boost from the provincial government, MPP John Eakins announced recently.

The Province of Ontario, through the Ministry of the Solicitor General, will provide \$30,000 in financial assistance to assist local enforcement activities.

VICTORIA HALIBURTON HOUSING
AUTHORITY
An Agent of
ONTARIO HOUSING CORPORATION

FOR RENT

MOUNTAIN STREET, HALIBURTON

One bedroom apartments available at Mountain Street, Haliburton.

Rent is geared-to-income; maximum rent is \$384.00 per month, including utilities and laundry facilities. Walk-out patios on the ground floor and second floor balconies, picturesque setting, spacious common room.

Applications may be obtained through the office of the Victoria Haliburton Housing Authority, at 20 Sussex Street South, Lindsay, Ontario or by phoning 324-6401 or Zenith 44120.

Provincial grants will reduce drunk driving

(from page 16)

"The number of impaired driving infractions in Lindsay has been significantly reduced over the past few years and this additional funding will help the Lindsay Police continue their battle against impaired drivers," Mr. Eakins says.

Financial assistance totalling \$30,000 will be allocated over a two-year period. Included in this funding, the Ministry has allocated \$4,300 for the

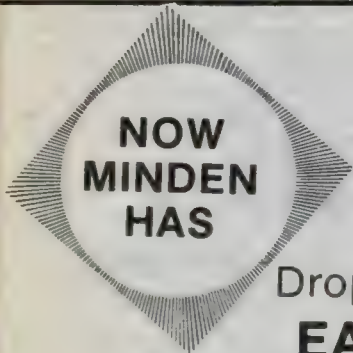

purchase of equipment and for impaired driving enforcement promotion in 1988-89. The remainder of the funding covers staff overtime costs over the two-year period. Mr. Eakins, who is the MPP for Victoria - Haliburton, was joined in the announcement by Joan Smith, Solicitor General of Ontario.

"I am pleased that the Lindsay Police will be undertaking enforcement activities to deal with this serious public safety

problem," Smith says.

A total of \$16,200 will be allocated this fiscal year and \$13,800 will be allocated in 1989-90.

The funding is part of the \$2 million Solicitor General Joan Smith has set aside to assist municipal police forces with their RIDE (Reduce Impaired Driving Everywhere) activities. More than 80 municipal forces have submitted applications and the Ministry is now in the process of allocating funds.

HIGHWAY 121 - HALF WAY BETWEEN HALIBURTON & MINDEN

457-2282

for your service

by Mel Flood, Minden Lions

Last month I informed you of the local activities of the Lions club. This month I would like to let you know about one of the national projects Lions clubs are involved in.

The major project for Lions across Canada has been Canine Vision Canada - a project of Lions Foundation of Canada.

The Lions Foundation of Canada was developed and founded by Lions club members. Its purpose is to further act on the strong commitment the Lions have to serve the community in which they

live. This foundation unites Lions clubs across Canada toward a single goal, expressly for the Canadian people.

When the foundation was registered in 1983, it wanted to select the first project without delay. The Lions have always helped those less fortunate and this had to be an important part of the project. It had to be for all of Canada, not just part of it, and it had to be realistic so all Lions across the country would feel good about being involved.

After much thought, the

project was chosen. It was to be a school dedicated to the training of guide dogs for the blind; Canadian blind. This school had to be unique in that service. It would be free to those who needed it. A blind person who needed one of these special companions would not have to go without due to financial constraints.

Lions across Canada rose to the occasion and donations from Lions, Lioness, Leos, Corporations and individuals made it possible to open this school on November 9th, 1985 called Canine Vision

Canada in the heart of Oakville, Ontario.

Tours of Canine Vision Canada may be arranged, but the school would appreciate six weeks notice of groups wishing to visit. Please write providing us with:

senior league

by Pearl Lyle

Dear Readers: A beautiful hot day again and not long until Christmas.

Birthdays here for July are Amelia Good, Lilian James, Carrie Jones and Pearl Lyle. We wish them many many more.

My callers on the weekend were Jan Wilkinson from Stouffville, and my

daughters Anna Gordon, Jean Hewitt, Kari Francis. Gertie McKay had her brother Edgar and his wife Ellen from Kinmount. Winnie Barnum was out for lunch yesterday with her sister and husband Mr. and Mrs. Roy Cameron of Peterborough. Alice Todd had a visit with Harold and

Fran of Richmond Hill on Saturday and Sunday and visited Jim and Barbara at Pigeon Lake. Guests with Dora Dawson from Friday til Monday were her niece Doreen Gray of Weston, cousin Leon Frith and friend of Toronto, her nephew Bob Dawson and wife, June Johnston of Toronto and Mr. and Mrs. Bill Ferrier of Ancaster. So you see Dora had a busy and pleasant weekend. I wasn't very well so we didn't stay out long. It was about 90 degrees in the

shade.

The service Sunday evening was by Rev. J. Burgess. He informed us his wife is coming along nicely and may soon be able to come home from the hospital. The service on Tuesday morning was by Father George Elliott of Minden Anglican Church.

When unkind things that are not true, behind your backs are said,

Just go your own sweet smiling way, that's how you're sure to win the day. Until next week.

Did you know?

by Doreen Hawman

Before you make your morning coffee, it would be wise to check the make and model of the coffee-maker you are using. "The Consumer" printed by the Canadian Standards Association reports that Proctor-Silex Canada Inc., has announced a

recall of certain drip coffeemakers made prior to April 1986. Testing has shown units manufactured during this period represent a potential fire and shock hazard. The model numbers involved are Model A566W Series G3758; Model A567W Series D4258 and Series D1068. The unit should be packed carefully. (Do not

include the carafe.) Enclose a label with your name and mailing address in block print and send to: Proctor-Silex Canada Inc., Dept. No. 514, P.O. Box 1630, Picton, Ontario K0K 2T0. The coffee-maker will be re-worked and returned at no charge.

To receive your copy of "The Consumer", contact the Haliburton County

Information Centre, located in the Drag River Municipal Building, Maple Ave., Haliburton. The centre is open Monday to Friday from 10 a.m. to 4 p.m. or call 457-2733.

If you are in the Minden area, the centre situated in the Municipal Building, Milne St., is open every Tuesday from 10 a.m. to 4 p.m. or call 286-4100.

Shivering sensations

You're probably familiar with the sensation of coming out of the water after a swim and shivering on the dock as your lips start to turn blue. That's hypothermia and it presents one of the greatest risks to life if something happens to your boat and you find yourself treading water.

Hypothermia is caused by exposure to cold and aggravated by wet, wind, and exhaustion. It sets in when the body's core temperature falls one degree centigrade. If you can't get out of the water, your body continues to lose heat. In order to protect the internal organs, blood flow to the limbs shuts down, restricting movement. Similarly, blood flow to the brain is reduced, leading to confusion and disorientation.

"That's why people are advised to stay with the boat if they overturn," says Mike Maybee, Minden's OPP Marine Officer. "I know of one case where a man was suffering from hypothermia. He decided to swim for shore. But because he was disoriented, instead of heading for the near shore

which he might have been able to reach, he struck out for the one much further away and he drowned." Staying with the boat is also wise

because physical exertion increases the rate of heat loss, further shortening survival time.

Once a person with hypothermia has been rescued, they are still at risk because of "after-drop". This condition occurs as the blood starts to flow back into the head and limbs. The warm blood hits the cold extremities, chills, and is carried back into the trunk where it lowers the temperature even further. Warmth should therefore be concentrated on the person's trunk, rather than on the extremities.

It's important not to rub the person and not to give them alcohol. Put the victim in a warm bath or wrap him/her in blankets or sleeping bags. Apply hot water bottles or hot rocks which have been wrapped in protective towelling to the groin, armpits, and neck. Be careful to avoid extreme heat.

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and dia-

gonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Summer School

by Shirley Hodgson

Welcome back to the many regular summer visitors and a special welcome to all the new arrivals. Very few settings are as beautiful or more relaxing than the County of Haliburton - with its tranquility, fresh air and beautiful surroundings. Of course, this is not so, if you happen to be employed in any of the numerous jobs in the county - or if you are a student at the School of Fine Arts - because then you are almost too busy or much too involved to really enjoy the scenery.

Yes, the Haliburton Summer School has opened its doors on another busy season. This is the 21st year for the school which continues to expand its programs. The classes are designed for both beginners and advanced students. Be sure to check with the School - just in case there is a vacancy in a class which you might be interested in.

The Haliburton Guild of Fine Arts Summer Exhibition and Sale becomes a reality again this summer. This is the 23rd year for the sale. There will be artists of many varied talents represented, such as painters, jewellers, metal workers, knitters, potters, quilters, sculptors, weavers, woodworkers, etc. Where is this show? At the J.D.

Hodgson Elementary School - Haliburton, Ontario. When - from July 8 until July 23. Time - Monday to Saturday from 11 a.m. until 8 p.m. and Sundays from 1 p.m. until 4 p.m. For further information call 457-2330.

There will be a quilt set

up at the Sale which has been donated by Shirley Cummings of the "Bush Boutique" at Haliburton Lake. If anyone knows the hours of work that go into the marking of the pattern on this quilt - one would realize just what a wonderful gift this is! Quilters will

be needed to assist with this quilt at the school on July 16 until July 23. If interested contact Marie Wallace, phone 754-2648. Remember to purchase tickets for this year's quilt. Also, there is a sale of tickets on a draw for a beautiful canoe.

Meech Lake Accord

by Bill Scott, M.P.

The round of discussions that led to the Meech Lake Constitutional Accord culminates over 20 years of constitutional debate. The elements of the Accord build on:

- the constitutional review of 1968 to 1971,
- the constitutional exercise of 1975 - 76,
- Bill C-60 in 1978,
- the intensive discussions from 1978 to 1979 and,

- the negotiations that followed the referendum in 1980, as well as the patriation exercise in 1980 - 81.

In search of the renewed federalism promised to all Canadians in the 1980 referendum, the Government of Canada and the governments of nine provinces agreed in November 1981 to a constitutional package. yet this achievement was flawed because of Quebec's absence from the agreement. Quebec's isolation from the constitutional process meant that amendments requiring unanimous consent

were not possible. For example, those requiring the consent of seven or more provinces representing at least 50 per cent of the population - for example, to entrench property rights in the Constitution - would be more difficult to achieve than with Quebec's participation. Furthermore, on Senate reform, a fundamental question had to be faced: how could we have proceeded without Quebec's participation and consent - particularly since certain provisions of the 1867 Constitution Act which apply only to Quebec may have allowed that province to veto key aspects of a Senate amendment proposal?

A series of key events occurred following proclamation of the Constitution Act, 1982. These included:

- the election of a federal government in 1984 committed to national reconciliation,
- the election of a federalist Quebec government in 1985 which had enunciated five realistic

conditions for ending the constitutional impasse, and:

- the subsequent willingness of all Premiers to make the successful resolution of the Quebec issue their constitutional priority.

At the Annual Premiers' Conference in Edmonton in August 1986, the Premiers issued the "Edmonton Declaration", which identified as a top priority, a process to bring about Quebec's full and active participation in the federation. This commitment was reaffirmed at the First Ministers' Conference in Vancouver on November 29 - 21, 1986. During the autumn of 1986 and the winter of 1986 - 87, federal and provincial ministers and officials held various meetings and a consensus began to emerge. At Meech Lake on April 30 and June 3, 1987, First Ministers unanimously approved agreements to bring Quebec back into the constitutional family.

Seven winners of the Minden Museum Heritage Essay Contest will be awarded their cheques at the Library Cultural Centre Monday, July 18. At that time there will be the Museum Meeting regarding the Restoration of the Bowron Homestead, all at 7:30 p.m. All other participants may pick up their certificates at the Museum which is open Monday through Saturday from 10 - 4:30 and is located behind the Library.

Congratulations go to Glenda Swanton of Kinmount who was the lucky winner of \$1000 at the Special Rotary Bingo at Minden, Sunday, July 3rd. Regular Bingos by the Minden Rotary Club are at the Recreation Centre Tuesday nights at 7:15 and are with dabbers.

David, Kelly and Kyle Roylance of Newmarket visited their parents, the Jim Simpsons, last weekend.

Last weekend Paul and Islay Warburton and boys visited with me and other relatives nearby.

Once again this summer Minden Public Library is having Free movies for children on Thursday evenings at 7:15 p.m.

Doris Hubbard from England and Jennifer and Keith Malone and children from Oshawa were visiting relatives.

Several birthdays at Hyland Crest are those of Caroline Jones, July 12 and Lilian James, July 15, and they would surely enjoy a visit or phone call.

Edythe Golden, now Mrs. Bill Ferrier, renewed acquaintances and friends this past week while vacationing at Hart Lodge. Edythe taught school at the foot of Maple Lake in 1949-50 and had room and board with Dora Dawson. Her husband Bill, taught at

Eagle Lake also in 1950. They visited Dora at Hyland Crest while here and now make their home in Ancaster.

At the Tuesday luncheon-euchre games at the Legion Hall on July 3, winners were high man Florence Schlosser, high lady Lil Porter lone hands Jack Weekes and also Lorna Brigman had a win, and door prize went to Muriel Proctor. Next games will be July 19 contact these numbers 286-2872 or 286-2733.

At the Albert Loucks weekend reunion at the Minden United Church Hall there were some 74 persons present. Then 50 of these again got together at the home of the Morgan Loucks on Sunday for a barbecue and some from far away were from Port St. John, B.C., Charlottetown, P.E.I., Thunder Bay, Indianapolis and Sault Ste. Marie.

Cousin Nell Findley of Lindsay and Beatrice Scott from Alfred, Saskatchewan called on Joyce Hewitt recently.

Carol Lacey and Jamie Jones from Toronto visited relatives last weekend.

Sincere sympathy goes to the family and friends of the late Peggy Barrett (one of my bowling cronies) whose funeral was last Tuesday.

Newcomer is a baby girl for Jill and Bill Brown Jr. and grandchild for Sharon and Bill Brown Sr.

We heard that all the garage sales, flea markets and bake sales were very successful and many of us had quite a tour to see all these, and this was followed by a grand fireworks display at the fair grounds and at many other places as well.

There will be Vacation Bible School at Stanhope

Fire Hall from 9 - 12 July 11 - 15 and this is on North Shore Road off Highway 35.

Supper and Bazaar by the United Church Women July 13 at 5, that is Wednesday. Then on Saturday is the Summer Bazaar at St. Paul's Parish Hall at 10 and then they serve lunch at 12.

Paul Northey of Patrick Air Force Base in Florida is home for a visit with his parents Les and Audrey Northey of Minden.

Visiting with friends in the village is Corinne Fleming of Wardsville. Nice to see you again Corinne.

A surprise visitor from Shelburne, N.S. dropped in at his parent's home in Norland last week. Bill Cameron, son of Angus and Gloria, visited with friends and relatives in Norland and Minden, returning home early last Monday.

Club 35 euchre, July 4 winners were: door prize - Ruby Cartwright, most lone hands - Eleanor Ferris, high lady - Betty Skinner, high man - Betty Campbell and others - Madelin Redfern and Jim

White. Don't forget the pot luck supper July 15th, \$6.00 per person.

Guests of Mrs. V. Kernohan recently were Jean Morrison of Toronto, Bud and Barb Kernohan of Oshawa, Gord and June Phillips of Hamilton, her grandson Barry and Peggy Barkwell of Fredericton, N.B. and Merle Barkwell of Huntsville.

Shuffleboard Club euchre game results from July 7 at the Art Gallery, 1:30 p.m. are: high lady - Hilda Harrison, low lady - Nancy Cook, high man - Pearl Cowen, low man - Freda Harrison, lone hands - Margaret Horsley. There are no euchre games on July 14.

The winner of the canoe in the draw this past

weekend at B & J ESSO in Minden was Mona Campbell of St. Catharines. We understand the lucky winner is the mother of Andy Campbell, administrator of the Haliburton County Development Corporation.

The Yard and Bake Sale of The Royal Canadian Legion Branch 636 Minden was a great success - on July 2nd. Thanks to all who contributed items and baking. Also to so many workers for collecting, setting up and manning the tables the day of the Sale. Again to disperse of leftovers. It was the combined effort of all that made it the great success it was. Your co-convenors Lois Adamson and Jean Clark.

The Sale of Jay Lake Tent and Trailer Park by

Monday, July 11, 1988

Syd and Lois Adamson and Rob and Jean Clark gave them the opportunity to celebrate the Canada Day weekend with family and friends. Guests of Syd and Lois Adamson of Lutterworth Estates were sons Fred of Cambridge, Frank, Judy, Carrie and Amy of Font Hill, Lloyd, Cindy, Sean and Craig of Kingston. Guests of Rob and Jean of Haliburton were Rob's parents Scott and Audrey Clark, his brothers Ron and family, Glen and Kim Schnarr, joining in for the party were Brian and Nancy, Ginny and Dru Adamson of Minden, also John, Sandra and Beth Pember of Elmira, Betty Barker of Waterloo. A delightful Sunday Brunch and boat ride was enjoyed by all at the home of Brian and Nancy Adamson.

CONGRATULATIONS

Bob Austin of Austin Realty Limited, congratulates the new owner of Ruby's Cottages, Bob Penfold of Minden, on the recent purchase of the business. Bob Penfold and his wife Joanne purchased the housekeeping cottage resort earlier this month. The Resort offers an ideal location for family vacations in individual units overlooking beautiful Boshkung Lake. In addition to a safe sandy beach, the resort features boat rentals and a relaxing, congenial atmosphere. Bob Austin and the staff at Austin Realty extend a warm greetings to the new proprietors, and wish them the best in the years ahead.

Staanworth Court News

Hi everyone! Hope you are enjoying our summer!

We did enjoy so much the precision drills displayed by our OPP force on Main Street in Minden. The many motorcycles assembled in the Exhibition grounds were a credit to their Club. To their project 'Ride for Sight', and to Minden community. We are proud of our Police Force and grateful for their protection.

Much credit is due to the folks who were responsible for the Canada Day Fireworks display. We truly enjoyed them from our Apartments (Staanworth). They were magnificent! So glad to be a Canadian, aren't you?

Shuffleboard court is a strong drawing card these days for our Seniors. Eleanor Pye will be glad to fill anyone in on time, etc. Get in touch!

Our June birthday folks enjoyed a lovely birthday cake at our recent barbecue and our best wishes. They are Janey Perry, Melissa Hampson, Emily Poole and Harry Cowan.

The June meeting of our Social Club met in the Lounge Room and the usual topics were discussed under the leadership of our President Holly Cooper. Congratulations went out to Mark and Carrie Vasey on winning our lovely quilt. We decided to have a dinner at the Fireside Restaurant

compliments of our Social Club. Barbecues to keep in mind each Wednesday. (A Bake Sale, which was tentatively set for July 16 has been cancelled).

We are very glad to have Holly back from a lengthy stay at Lindsay Ross Memorial Hospital where she underwent surgery. Get well soon, is our sincere wish, Holly.

Mr. J. Milonen has returned after a stay with his daughter in Toronto. Henry Howe has been visiting his son, Joe, and family in Markham. George Davidson is still under hospital care in Wellesley, Toronto. Our sincere get well wishes go out to you, George.

A very lovely dinner was enjoyed by our residents at Fireside Restaurant under the catering of the Legion Ladies, Minden. A toast to the Queen was given by Jean Marsh, and Mark Vasey led in Grace and from there on we were treated to a very tasty roast beef dinner. Following the meal, Len Trodd gave a few choice words of appreciation for the lovely meal and gracious service. He even suggested we might be able to return soon? Jean entertained with a few humorous readings. The rest of the evening was spent back in our Lounge Room playing euchre.

To our young people who have just graduated from school to higher grades, whether it be high

school, college, university, or the work force our very best wishes go out to you. May I say to you, dear ones, -

"The best preparation for a good tomorrow, is to do some good today."

"Take time to enjoy nature, for, is there anything so sweet as God's green grass under your feet?"

And now to all, please have a safe and healthy summer. God bless everyone.

M.H.

"WHERE THE ACTION IS"

Karen Gillespie, daughter of Don and Betty Gillespie of Minden, graduated June 14, 1988 from the University of Toronto with a 4 year Bachelor of Arts degree. Karen is now working in Toronto.

Bill Scott

(from page 21)

This full preparation was recently acknowledged by Premier Peterson. He said that "There had been a lot of discussions and conversations going on ... There isn't one thing we didn't know about when we signed up. We were very, very well briefed, and we knew the

price of going into that situation ... In other words, no surprises. We had been working on it for a year." (Globe & Mail, May 13)

When First Ministers signed the Accord, they agreed that only if a fundamental error was identified during the course of public hearings would they be prepared to re-open the Accord - while

respecting the need to maintain unanimity.

In June 1987 the Senate and House of Commons established a Joint Committee on the Accord and public hearings were held from August 4 to September 1 inclusive. The Joint Committee's hearings and other legislative hearings have ensured that the terms of the Accord have been carefully scrutinized and communicated to the people of Canada.

The House of Commons adopted the constitutional resolution on October 26, 1987, after 11 full days of debate by an overwhelming majority and with the support of all three party leaders.

Once the Meech Lake amendments have been proclaimed, the Prime Minister will be constitutionally obliged to convene

a First Ministers' Conference on the Constitution at least once each year. This reflects the agreement of all governments, as first expressed by the Premiers in Edmonton in August 1986, that other constitutional issues should be discussed in a second round following Quebec's return to the fold.

Senate reform will be the first business on the agenda of the feature constitutional conferences. This item will remain on the agenda until agreement is reached and Senate reform achieved through constitutional amendment.

By opening up Canada's constitutional development, the Meech Lake Accord will allow us to effectively consider a range of issues of interest to Canadians in various parts of the country.

library corner

by Joel Levis

Did you ever wonder what was really said in the House of Commons on a certain day? Would you like to keep track of what any individual member might be saying in the House?

The words of the Honourable Members are taken down word for word and that record - often called "Hansard" after the person who first got the job in Westminster - is available through the County Library for your information.

The County Library has resumed the collection of the *House of Commons Debates* as it is more commonly called in Canada be keeping them on file for the interest of the general public.

To supplement this information, the County Library is also keeping *Votes and Proceedings* which details the changes made in individual pieces of legislation and also reports on how the many members voted.

Finally, the *Order Paper and Notices* has been acquired. This is similar to the agenda of any meeting and outlines the status of legislation and all of the other bits of government business that is to be considered.

This information will be invaluable to anyone who is eager to keep informed on the business of government. Coming soon: *Canada Gazette*. Watch for it!

AT REST

BABINEAU: Colette Marie, died in Toronto Western Hospital on Sunday, July 3, 1988 following a brave battle subsequent to a heart transplant in 1986. Colette Hudson, in her 26th year, cherished wife of Jeffrey., Beloved daughter of Meryl and Al Hudson. Dearest sister of Daryl and Marla. Sister-in-law of Kevin Fraser and loving Auntie of Bradley and Leah. Rested at O'Neill Funeral Home, Stouffville. Service was held from the Stouffville Missionary Church on Thursday at 1:30 p.m. Interment Stouffville Cemetery. "I have fought the good fight, I have finished the course, I have kept the faith."

IN MEMORIAM

STAMP: In loving memory of my dear husband Sid who passed away on July 11, 1985.

In a quiet country graveyard, Where the gentle breezes blow, Lies a husband I loved so dearly And lost three years ago. I do not need a special day To bring you to my mind, For the days I do not think of you Are very hard to find. Sadly missed and loved, Elsie and children and stepchildren

IN MEMORIAM

LACEY: In beloved memory of a dear husband, father, grandfather and brother, Cliff, taken from us July 6, 1987.

After all the sorrow and heart-ache, There is one thing that makes me glad, You chose me to share with you, All the happy years we had. We made our vows together, Until death do us part, But the day you were taken from me, My whole world fell apart. I think of you with love today, As I have often done; Sometimes I think I'm dreaming, For I can't believe it's true, that I go on living, When I no longer have you.

Sorely missed by Jean and family, brother, sisters and families.

LACEY: In memory of a dear friend, Cliff, who passed away July 6, 1987.

Forever remembered.

NOTICE

This is a public notice for those persons who have a dog but have not yet obtained a dog tag for 1988 or been notified by mail.

All dogs in the Townships of Anson, Hindon and Minden must be tagged at a license fee of \$10.00 per dog. As of July 31, 1988 charges will be laid against any person who owns or harbours a dog which is not tagged in the Townships.

Bradley Bradamore, A.C.B.O.
By-Law Enforcement Officer
Twns. of Anson, Hindon & Minden.

FLEMING

SIR SANDFORD FLEMING COLLEGE

REQUEST FOR PROPOSAL FOR MICROCOMPUTER EQUIPMENT FOR SUTHERLAND CAMPUS

Proposal Documents and specifications will be available on request from:

Sir Sandford Fleming College
